

**PRODUCT CATALOG****Zincal Compact® 6 x K26SW - CF Fiber Core**

- From 19mm to 36mm

Zincal Compact® is the newest type of steel wire rope manufactured by Oliveira Sa. It is a compacted wire rope with the construction 6 x K26 Seale Warrington, and we manufacture it with steel and fiber core.

Zincal Compact has all the wires covered with a thick lay of zinc-aluminum alloy, which gives a higher resistance to the wire rope.

Zincal Compact is the best wire rope for trawlers and beamers, where it is necessary to have a very good corrosion resistance added to all the other characteristics mentioned above.

This wire rope is produced with GALFAN® wires from WireCo WorldGroup, the only authorized global producer and premier licensor of GALFAN wire.
